Navigate Buy

Theme

What is our theme?

Navigate Buy focuses on the development of a web system that seeks to **secure and simplify the consumer's experience with online shopping.**

Navigate Buy

Theme

What have we created?

According to Sé (2023), research conducted by the consultancy Offerwise in January 2023 **revealed that nine out of ten Brazilians search online before making a purchase**. With this in mind, we created a web system that aggregates products and review comments to help find the best deals.

JUSTIFICATION

Why did we choose this theme?

According to the E-Commerce Brazil (2024) website, e commerce is intended to grow by **R\$ 349 billion to R\$ 557 billion** in the interval between 2023 and 2027, pointing to the transition of consumption patterns.

MAIN OBJECTIVE

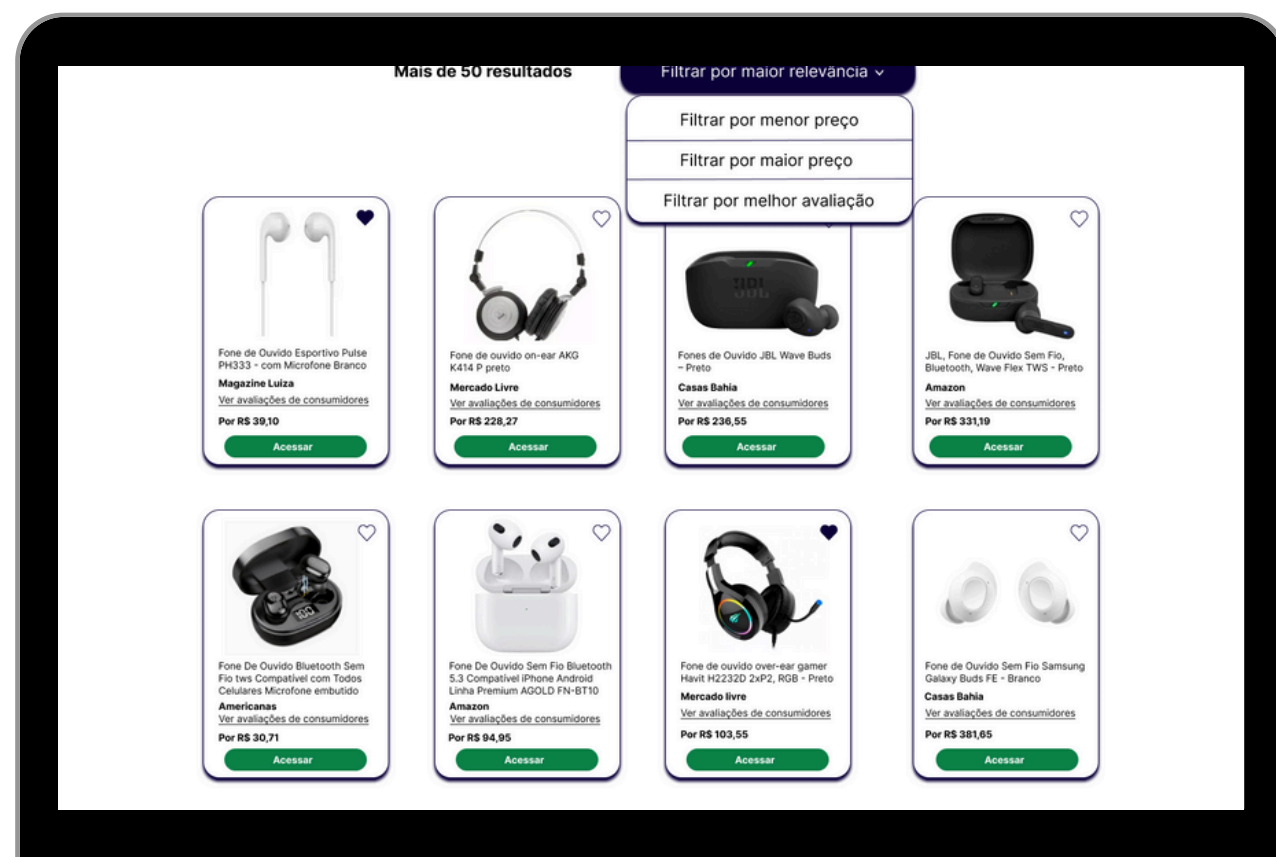

Objective

Constructing a web system that allows consumers **to compare products and prices between different verified e-commerce sites**, searching for greater security in their purchases and analyzing the **current reviews**.

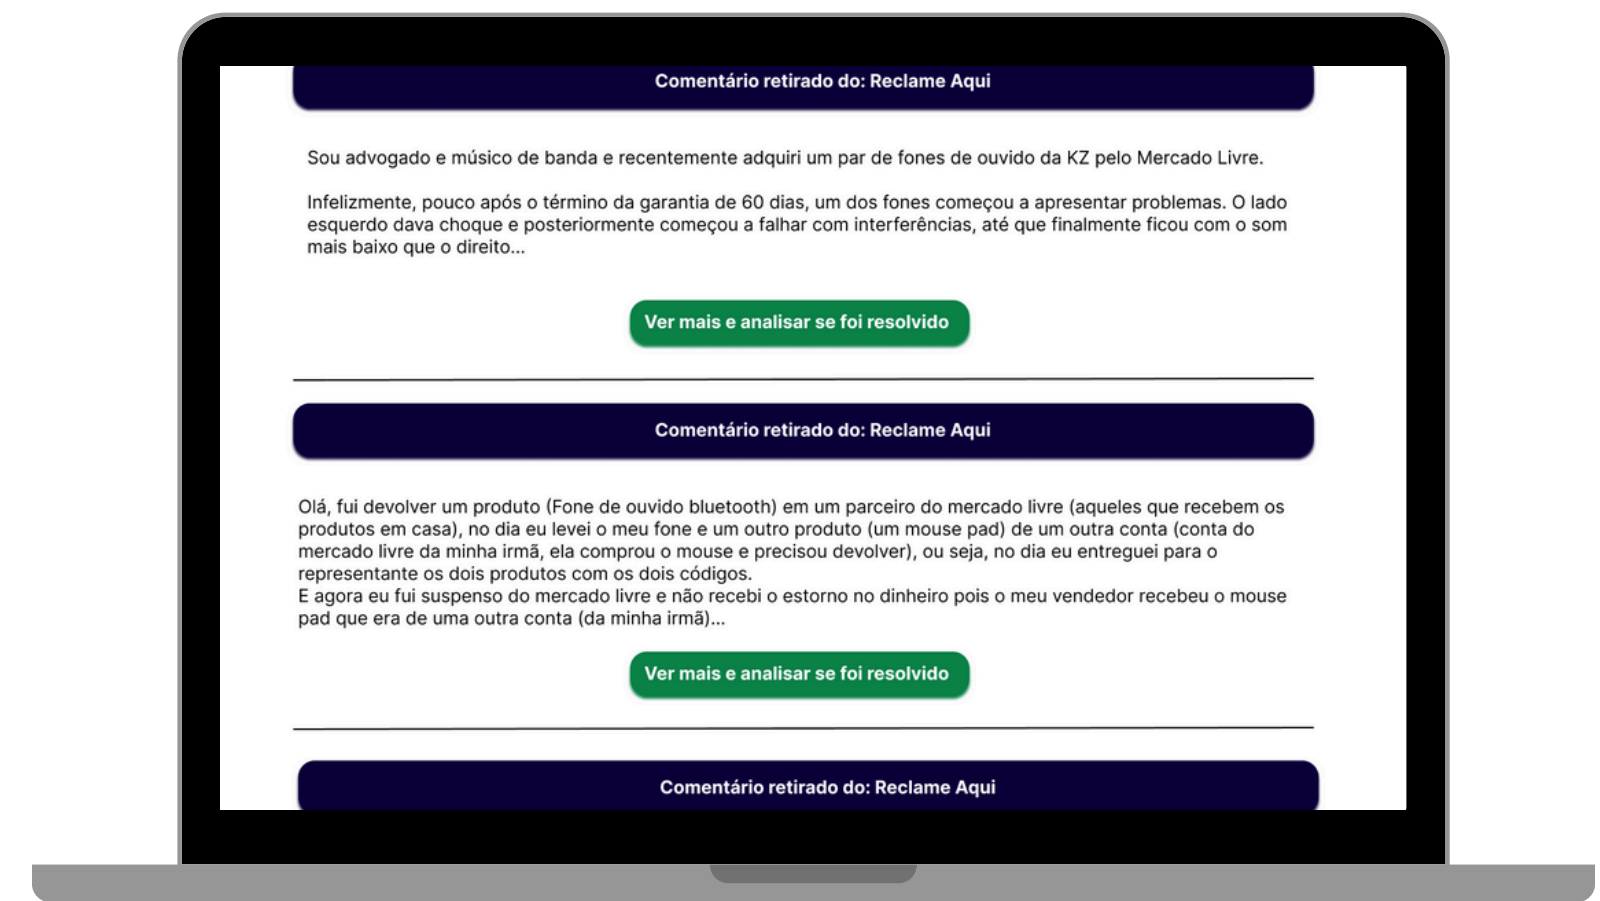

SPECIFIC OBJECTIVES

- **Research about difficulties of consumers;**
- **Analyze the main requirements of a web system;**
- **Provide the currency conversion in real time;**
- **Implement an efficient web application.**

THE NAVIGATE BUY SYSTEM

The screenshot displays the 'Navigate Buy' web application. At the top, there's a navigation bar with the logo, a search bar labeled 'Buscar produto', and links for 'Favoritos' and 'Login'. Below this is a secondary bar with links for 'Categorias', 'Buscar Comentários de avaliação', and 'Comparar preços de produtos internacionais'. The main content area features a heading 'Analise as avaliações e comentários encontrados no Reclame aqui e outros sobre o que você precisa'. A subtext instructs users to search in the bar below and add the store name for more accurate results. Two search input fields are shown: 'Fone' and 'Mercado Livre'. A green 'Buscar' button is positioned below them. The results section states that based on the search terms, it has found results, with a note that 10 responses are available in real-time. A sample comment is displayed, titled 'Comentário retirado do: Reclame Aqui', describing a complaint about headphones. At the bottom of the comment section is a green button labeled 'Ver mais e analisar se foi resolvido'.
